

Founded in 1990, the award-winning Dorothy Ley Hospice is the only hospice in Toronto that offers community and residential care and support to people living with the challenges of life-limiting illness or loss. Since moving into its new centre in Etobicoke in 2009, the Hospice has offered support to more than 5,000 individuals and impacted the lives of over 20,000 family members. All services are offered at no charge to the individual thanks to the generosity of donors. With Canada's aging population, the Hospice needs your help to meet the growing demand for care and support.

Caledon Country Club

Built in 1961 and designed by the renowned Rene Muylaert, Caledon Country Club provides golfers with a challenging layout, fast greens, and lots of water carries. The Toronto Star rated it one of the top six “choicest, value-packed clubs” in Ontario. With its signature dogleg 14th hole and tremendous views of the Niagara Escarpment, it is on many golfers’ ‘must play’ list each year.
